FORUM Z
19.05.2020 online

Welcome to the first online edition of the Forum Z, dedicated to text mining of historical newspapers, in Luxembourg and Switzerland.

Below are information on how to participate in the discussion and a reminder of the program.

How to ask questions?
Please use the Q&A box for questions on the content of the presentation. You can write your questions during the presentation, we will collect them and answer them at the end.
As attendee, you are by default muted. If the setting allows it and wish to, we can enable you to ask your question in audio.

How to report a technical problem?
Either in a direct chat with the technical host, Estelle Bunout or in the general chat.

How to see the presentation in full screen?
On the higher right side of the video, you can choose the floating panel view.

How to participate in the polls?
Go to: https://app.sli.do/event/afga9gzt and vote. Each time a new question will be posted, it will actualise automatically. No need to register to vote or see the results.

Program:
14.00 - 15.00: Introducing the impresso interface for the exploration of historical newspapers
15:15 - 15.45: Interfaces and data repositories at the National Library of Luxembourg
16:00 - 17:00: impresso user workshop
17:00 - 17.30: Introduction to the Ranke2 learning platform
